

# 8 Key things to know about your GESOPS Tier-2 Pension Scheme

A secured pension scheme guaranteed to give you peace of mind in retirement

**1** GESOPS receives from your employer 5 out of your 18.5% pension contribution on your basic salary to manage on your behalf

**2** Your accrued benefits will be available to you upon retirement, if you become permanently disabled or if as a non citizen of Ghana you decide to emigrate

**3** Your contributions together with interest accrued on them (accrued benefits) are exclusive to you and you may port (transfer) them to a new employer's Tier-2 scheme when you change jobs

**4** You can use your benefits to secure a mortgage to buy your primary residence

**5** The Scheme values transparency and accountability and provides you access to periodic, as well as on-demand statements detailing your monthly contributions and interest accrued

**6** GESOPS has a comprehensive customer support system straddling conventional and social media channels to handle your enquiries and complaints

**7** You would be paid your retirement benefits within one month upon submission of all relevant documentation to process your claim

**8** Should you pass away, your nominated beneficiaries or administrators of your estate will be paid your benefits through a similarly convenient process
